

State College of Kentucky.

The Agricultural and Mechanical (State College) College of Kentucky, offers the following courses of study, viz: Agricultural, Horticultural, Chemical, Biological, Mathematical, Normal School, Classical, Mechanical Engineering Electrical Engineering, Civil Engineering, each of which extends over four years and leads to a degree. Post graduate courses of study are also provided, leading each to a master's degree. Each course of study is organized under a separate faculty. The general faculty numbers more than thirty professors and instructors.

County Appointees receive tuition, room rent in dormitories, fuel and lights, and if they remain ten months, traveling expenses.

The laboratories and museums are large, well equipped, comprehensive and modern.

The last Legislature appropriated \$30,000 for a college home for young women and \$30,000 for drill hall and gymnasium for men. Military tactics and science are fully provided for and required by Congress.

Graduates from the several courses of study readily find excellent positions and liberal remuneration. The demand is largely in excess of the ability of the college to supply.

Last year the matriculation list was 563.

Fall Term Begins September 10, 1900.

It will only cost you 50 cents extra to ride all day in a Cotton Belt Parlor Car (25 cents for a half day). Seated in a large revolving arm chair with plenty of space around you, you can enjoy as much freedom and ease as you please. If you are a smoker you will enjoy the large smoking room with its arm chairs and couch. The ladies will delight in the splendid ladies' lounging room, with its lounge and inviting arm chairs, and its roomy dressing room adjoining. You can have your meals in this car at any hour you want them; order most anything you want, from a porterhouse steak or a spring chicken down to a sandwich, take as long as you please to eat it, and you will only have to pay for what you order.

The Cotton Belt is the direct line to Texas. Its trains run through from Cairo and Memphis to Texas without change. Direct connections are made at its junctions for all parts of Texas, Indian Territory, Oklahoma and the Far West. Write and tell us where you are going and when you will leave, and we will tell you what your ticket will cost, which train to take to make the best time and connections, and will send you an interesting little booklet, "A TRIP TO TEXAS."

TIME AND SPACE

are practically annihilated by the ocean cables and land telegraph systems which now belt the circumference of Old Earth in so many different directions. "Foreign parts" are no longer foreign in the old meaning of the term. Europe, Africa, Asia, are "next door" to us. What happens there to-day we know to-morrow—if we read THE CHICAGO RECORD, whose Special Cable Correspondents are located in every important city in the world outside of the United States. No other American newspaper ever attempted so extensive a service; and it is supplemented by the regular foreign news service of The Associated Press. For accurate intelligence of the stirring events which are shaking the nations—of wars and rumors of wars—of the threatening dissolution of old governments and the establishment of new—the one medium of the most satisfactory information is the enterprising, "up-to-date" American newspaper, THE CHICAGO RECORD.

FREE A large map of the world on Mercator's Projection, about 34x46 inches in size, beautifully printed in colors, with a large-scale map of Europe on the reverse side, will be mailed to any address free of charge on receipt of request accompanied by two 2-cent stamps to cover postage and wrapping. The maps illustrate clearly how comprehensively the special cable service of THE CHICAGO RECORD covers the entire civilized world. Address THE CHICAGO RECORD, 181 Madison Street, Chicago.

HAS NATURE WARNED YOU?

Nature herself clad in the early garbs of spring, blossoms forth trees and flowers causing the dependent chord to vibrate to this, the most delightful of all springtimes and how do you feel? Have you that tired shaky feeling the forerunner of Chills, Malaria and Typhoid Fever? If so, you must not pass this warning as it is an indication of sickness; avoid this, consult us as our advice costs you nothing. Call on your druggist and procure a bottle of Dr. Caldwell's German Liver Powder. Take one dose at bed time for six days, then follow by procuring a bottle of Yucca Chilli Tonic, following the directions and after two weeks' course of these two great remedies, you will feel like the flowers look in the spring. Prepare yourself for the malarial or hot season when the atmosphere is full of germs. If necessary and when your system warns you repeat the above. These Remedies in stock and sold by

Troublesome to the Army.
During the civil war as well as the late war with Spain diarrhoea was one of the most troublesome diseases the army had to contend with. In many cases it became chronic and many old soldiers still suffer from it. Mr. David Taylor of Wind Ridge, Greene Co., Pa., is one of these. He uses Chamberlain's Colic, Cholera and Diarrhoea Remedy and says he never found anything that would give him such quick relief. It is for sale by R. C. Hardwick.

PEPSIN SYRUP CO.
Dear Sirs:—I feel it my duty to write to you and let you know how much good your medicine has done for me. Twenty-three years ago I was taken with some kind of stomach trouble and I tried everything I heard of. They did me but little good. Three years ago neuralgia set in on me and I got so poor and weak that I could hardly walk—couldn't work any. My husband received a book through the mail, advertising your medicine, and he sent our little boy to the drug store to get one of your ten-cent bottles. I began to use it. It is strange to say, but it's the truth, the second dose I took gave me lots of relief. I kept on using it for nearly a year and I am as strong as I was before and can do any kind of work. I recommend it to all for it seems to me it would cure anybody. I have gotten others to use it and they say Dr. Caldwell's Syrup Pepsin has done them much good. God bless Dr. Caldwell and his medicine for doing me so much good. Yours Truly

PROJECTED CANAL

Connecting Tennessee and Warrior Rivers.

Birmingham (Ala.) correspondence Cincinnati Enquirer: A movement has been set on foot looking to the construction of a canal to connect the Tennessee and Warrior rivers in this state, the connection to be made from a point near Guntersville, in the northeastern part of Alabama, by the way of Birmingham and in conjunction with the proposed Van Hoose canal from this city to a point on the Warrior about 30 miles north of Tuscaloosa. The federal government will be asked to undertake this work at the proper time. Some years ago a preliminary survey of the proposed waterway was made by the Major C. D. Fitzhugh, a prominent civil engineer of this state, and he reported the project entirely feasible. He has recently investigated the matter further, and is more than ever convinced of the practicability and importance of the canal. Mr. Underwood writes from Washington that just as soon as he secures an appropriation for the Van Hoose canal, and gets in on a continuing contract basis, he will urge the appropriation for the Tennessee river canal. The proposed Van Hoose canal is to extend from North lake, two miles north of Birmingham, to the Warrior river, a distance of about 40 miles. First, it is proposed to build it from McAdory, near Bessemer, to the Warrior by canalizing Valley creek. The government has already surveyed the route and Chief Engineer Russell, of the government works at Mobile, strongly urged the construction of the canal. He pointed out that with an all-water route from the Birmingham district to the gulf coal and iron and other products could be moved from this section to deep water for from 300 to 500 per cent. less cost than at present.

The Rev. Dr. D. Z. Sheffield, President of the North China College and Mission at Tung-chau, near Peking, was in America when the Boxer riots began, but immediately prepared to return to his post. Before sailing from San Francisco, late in June, he learned of the burning of his college. Dr. Sheffield left behind him the manuscript of an article which will appear in the September Century under the title of "The Influence of the Western World on China." As a result of the author's thirty years experience as a missionary, he is said to argue strongly against the dismemberment of the Middle Kingdom. Equally timely will be a paper by R. Van Bergen in the same number, on "The Revolution in China and its Causes." The fiction of the September magazine will include a characteristic story of about 20,000 words by John Luther Long—"The Prince of Illusion."
